Kentucky Board of Licensure Discontinues 'State-Specific' Exam for Surveying

Excerpt from *The Board of Licensure Report — October 2018*

The following is taken from the referenced publication; "At the October 12, 2018 meeting, the Board of Licensure voted to discontinue the two-hour State Specific Exam for land surveying license candidates. In lieu of the exam, surveyor license applicants will receive printed information regarding the statutes and regulations which govern the practice of land surveying in Kentucky." The article also noted that the Principles and Practice of Surveying exam is now computer-based. Further rationale that has been reported for this action includes: the removal of an additional layer of regulatory barrier in an effort to encourage licensure, and the Board's current professional examination administration statutory limitation wording.

TRADE IN & TRADE UP

NOW THROUGH JUNE 30, 2015

Exchange your out of date robotic motorized instrument (up to 10 years old) and get a complete scanning and surveying package including MS50, data collector, office software, pole, prism, and tripod.

\$55K (\$14,600 savings)

MS50 Features:

- The fastest, most accurate "hybrid" total station available, with robotic surveying/imaging/scanning capabilities.
- With a 1" robot that scans 1000 pts/sec, the MS50 is designed for high precision surveying, yet easy of use to meet your daily needs.
- Enjoy simple workflow and data management without special training. Points, linework, images, and 3d points clouds easily integrate into most major CAD packages.

Terms & Conditions:

- Any Topcon/Trimble/Leica/Spectra Brand Robotic/Motorized Instrument, less than 10 years old and in working condition, will be accepted under this program. Traded-in goods must be received within 30 days.
- Trade-ins are on a one-for-one basis and may not be combined with volume discounts.
- The Trade-in program is only applicable against the purchase of new equipment.
- Other conditions may apply.
